

NOTIFICATION OF GRANT OF APPROVAL AS AN APPROVED AUTHORISED TREATMENT FACILITY (AATF)

The Waste Electrical and Electronic Equipment Regulations 2013

This approval covers:

Operator	A & LH Environmental Services Limited
Company Number	08497366
Site address	Unit 4C Palmers Vale Business Centre, Palmerston, Barry, Vale of Glamorgan, CF63 2XA
Approval number	WEE/NR0010WA/ATF
Tonnage Limits	Up to 400 tonnes

The approval will commence on 1 January 2024 and, unless notified in writing by Natural Resources Body for Wales, will remain valid until 31 December 2024.

Your approval is subject to the conditions of approval specified in Part 2 of Schedule 11 of the Regulations.

The approval allows you to issue evidence notes for waste electrical and electronic equipment (WEEE) which you received at this site and which is subsequently re-used, treated, recovered or recycled.

This approval applies only to the legal entity named as operator in this notification at the specified site address. If this changes then your approval will be deemed to be cancelled and you must make a new application for approval. If you cease to be an authorised treatment facility your approval will also be deemed to be cancelled.

If you wish to issue more than 400 tonnes of WEEE evidence notes you may increase your approval to 'large' by paying the balance of £2,070.

This approval does not replace any other environmental authorisations that you may have for the site. You must continue to comply with these and other relevant legislation.

If you wish to be approved for 2025 and to have your approval run continuously, you should submit the relevant application forms to us before 30 September 2024.

Signed:

Dated: 08/12/2023
